Michael Jasz, Executive Director
The Relationship Foundation
321 East 10th Street
New York, NY 10009

Dear Michael,

I am writing to thank you and your colleagues at The Relationship Foundation for providing two excellent training sessions for Children's Advocacy Centers of Pennsylvania this past summer. We appreciate having the opportunity to bring your high-quality training and expert trainers to speak to our Children's Advocacy Centers and their multi-disciplinary team members.

The first session, Nonviolent Communication, was well received and offered helpful information to assist law enforcement and child welfare when working with families in child abuse cases.

The second session, Neuroscience of Trauma and Resiliency, brought several prominent national researchers together with your staff to provide an impactful session on Adverse Childhood Experiences and the impact of trauma on children and adults.

I would recommend your training to others who work with vulnerable populations.

Thank you again for bringing your programs to our professionals.

Sincerely,

A handwritten signature in blue ink that reads "Christina M. Kirchner".

Christina Kirchner, Executive Director
